

True or False

Directions:

1. Write down at least six facts you know and think to be true about today's topic. Consider each of the following questions and answer those which you feel are applicable:
 - A. Can you define and explain the topic?
 - B. How do you think it affects the food industry?
 - C. What are some of the benefits?
 - D. What are some of the drawbacks?
 - E. What do you perceive to be true about today's topic?
 - F. What are some misconceptions individuals may have?
2. As you watch the presentation circle the statements which are true.
3. Once the presentation is completed write an argument to explain why each statement is true or false.
